Grade: Grade 12
Duration: 30 minutes
Total marks: 10

Institution: _____

Q1. (Newton Laws) Newton Laws: Which statement best matches the learning objective 'Understand forces'?

- Physics - MEDIUM Generated Test**
- A. Newton Laws is unrelated to this syllabus
 - B. Newton Laws represents the target concept for this question
 - C. Newton Laws is only historical and not applicable
 - D. Newton Laws cannot be explained with examples

Answer: Newton Laws represents the target concept for this question

Explanation: The correct option directly aligns with the topic objective and required concept.

Q2. (Waves) Waves: Which statement best matches the learning objective 'Wave properties'?

- A. Waves is unrelated to this syllabus
- B. Waves represents the target concept for this question
- C. Waves is only historical and not applicable
- D. Waves cannot be explained with examples

Answer: Waves represents the target concept for this question

Explanation: The correct option directly aligns with the topic objective and required concept.

Q3. (Newton Laws) Newton Laws: Which statement best matches the learning objective 'Understand forces'?

- A. Newton Laws is unrelated to this syllabus
- B. Newton Laws represents the target concept for this question
- C. Newton Laws is only historical and not applicable
- D. Newton Laws cannot be explained with examples

Answer: Newton Laws represents the target concept for this question

Explanation: The correct option directly aligns with the topic objective and required concept.

Q4. (Waves) Waves: Which statement best matches the learning objective 'Wave properties'?

- A. Waves is unrelated to this syllabus
- B. Waves represents the target concept for this question
- C. Waves is only historical and not applicable
- D. Waves cannot be explained with examples

Answer: Waves represents the target concept for this question

Explanation: The correct option directly aligns with the topic objective and required concept.

Q5. (Newton Laws) Newton Laws: Which statement best matches the learning objective 'Understand forces'?

- A. Newton Laws is unrelated to this syllabus
- B. Newton Laws represents the target concept for this question
- C. Newton Laws is only historical and not applicable
- D. Newton Laws cannot be explained with examples

Answer: Newton Laws represents the target concept for this question

Explanation: The correct option directly aligns with the topic objective and required concept.
